

Company Profile

TopTrans Translation Services Ltd. is a world-class translation and localization agency specializing in the fields of financial services, IT/telecommunications and bio-pharmaceutical/medical equipment. Worldwide, linguistic professionals in over 40 languages work with our experts utilizing the most advanced techniques of SW localization, QA procedures and desktop publishing. We can help you reach the global market with **international quality and a local feel.**

TopTrans develops long-term partnerships with its clients by providing the highest level of quality in the industry. Our services extend to creative solution providing for complex language display issues. We understand the importance of rapid turnaround time and are well known in the industry for **meeting stringent deadlines while providing professional services of superior quality.** Our clients' loyalty and frequent referrals confirm our success in understanding and meeting their requirements.

TopTrans translators must first complete a rigorous screening process for linguistic excellence and topical mastery before they are approved in their areas of expertise. All translations are reviewed by an independent proofreader and tracked for quality control and consistency by internal mechanisms. Our professional translators have a proven track record in providing **technologically accurate and culturally appropriate translations.**

TopTrans provides translation services at the greatest value through an unswerving commitment to **professionalism, quality and efficiency.**
