STRENGTH AND ABILITIES

Eight years of progressively responsible positions in managing livestock farming. Five years of serving citizens by taking job at the Ministry of Agriculture of Hungary and its institutions. Two years of researching and lecturing at Eötvös Loránd University, Budapest (Department of Zoology). Ten years of Canadian experience in the field of different businesses. Establishing Rosehill Publishing (2005), is an independent translation, interpretation, and publishing company since that time has been prospering.

PROFESSIONAL EXPERIENCES AND EXECUTIVE PROFILE/SPECIFIC ACCOMPLISHMENTS

1. **Field veterinarian** 10 yrs., Agricultural Combine Baja, Hungary

Occupying a managerial position at an agricultural producing firm has given me a chance to acquire leadership, strong organizational, supervisory, and communication skills. Transformed the animal health department from a liability to a profit-orientated unit by converting the curative animal health program to preventive one by implementing improved veterinary practices, tracking systems, increasing accuracy, and reducing expenses.

2. **Assistant lecturer** 2 yrs., Eötvös Loránd University, Budapest, Department of General Zoology

Taught biology-related disciplines and researched in cell biological environment. Acquired excellent high-level laboratory skills and outstanding manner of lecturing, also well-organized, proactive attitude with strong analytical and problem-solving skills.

3. **Food Hygienic Inspector** (3 yrs.) and **Secretary** (2yrs) at different institutions of the Ministry of Agriculture and Regional Development, Hungary, and at Animal Health and Food Safety Control Department of Ministry of Agriculture

I attained profound knowledge of issues in the food industry technology, sanitation, legislation, and policies. I have evolved an interest in the field of zoonosis. I have taken part in legislation to control outbreaks of animal diseases in Hungary.

4. **Translator and interpreter, business owner** (present)

Establishing a small translation and publishing company (Rosehill Publishing) that have accomplished many successful projects in different fields of science, media, commerce and literature. Recently having worked for

- Nova Language Services (Spain)
- Language Services Associates (USA)

EDUCATION

- Szent István University Faculty of Veterinary Science, Budapest, Hungary /degree: doctor of veterinary medicine/post degree: food hygienic specialist. (7 yrs.)
