WORK EXPERIENCE

TRANSLATION, PROOFREADING, MTPE:

Languages: English to Dutch.

Main Fields: Video Games, Casino, IT, crypto.

Video Game/iGaming Translations:

2003-present: Translation of in-game material, websites, manuals, etc. Most recently for games like:

KONAMI

PES (now eFootball), FIFA, Formula 1, The Sims, PUBG, Rocket League, Days Gone, The Last of Us and more.

Also, countless mobile games, like FarmVille, Clash Royale, Star Trek Fleet Commander, Total Battle, and The Sims Mobile.

For EA, among other things, I work on the EA Desktop platform (previously Origin) and EA Play.

2005-present: Translation of sites and apps for a plethora of different gaming providers, covering poker, bingo, slots, online sports betting, etc.

2013-present: Translations for any thing related to crypto currencies/NFTs.

Linguistic Reviewing:

2018-present: I provide third party linguistic review services (LQE) for Google.

LANGUAGES

- **Dutch:** native
- **English:** excellent
- **Spanish:** good
- **Catalan:** good

SOFTWARE / HARDWARE

CAT:

I work with practically every major CAT-tool on the market today, including Trados Studio 2021, memoQ 9, XTM, Memsource, Wordbee, Smartling, Crowdin, etc.

PROGRAMMING:

As a hobby, I like to fiddle around with several programming languages such as C++ and Python.
