## 欢迎来到中、韩文的世界

**Over 22 years of experiences since 2001**

*Chinese Language Services* offers specialized services for all types (*business, technical & general*) of interpretation, translation and consultancy requirements to the increasing need for Chinese language assistance for interaction and business collaboration between Indian and Chinese business groups and individuals. Our services are rendered exclusively by a group of **qualified and experienced native speakers**. *Being native speakers, knowing the culture and changing trends of the languages are our strength which assures the best quality and accuracy*. Access to numerous govt. & private Chinese portals, websites & data banks gives us the advantage to first hand facts and data on various technology, business and general information covering a wide range of industries, sectors, subjects, topics, etc.

**Services: Translation; Interpretation; Language Support, Consultancy, Verification, Validation & Testing; Voice Over; and Corporate Training**

- Translations of **technical, business, general and all other types of documents**
- Teleconference Interpretation & Tele-survey, data & info verification
- Localization
- Voice Over by Native Speakers (female voices)
- Language verification, validation and testing for software solutions
- Handle correspondence and communication with your contacts
- Corporate training for Chinese language skills, culture, business etiquettes, etc.

***We are on retainer service provider contract with SNF, SAS (largest conglomerate chemical company [www.snf.com](http://www.snf.com)) since 2006 till date for regular work of data processing and translations of scientific and technical articles / documents and patents.***

### Advantages

We employ the latest software and tools available to ensure efficiency and accuracy. Our translators also utilize the resources of the Internet and do a thorough research on the relevant terminologies and context of the subject matter as per the demand requires. We have facilitated various delegations and individuals visiting India with high level of satisfaction from both the hosts and the visitors. Satisfaction ratings for our translation service covering wide range of industry and subject area has obtained a preference by some of our existing clients.

### Our Training Experience

We have conducted numerous Chinese language courses in collaboration with R V Institute of Foreign Languages, Pune. One of our core member and colleague has also been conducting numerous Chinese language courses in Collaboration with Symbiosis Institute of Foreign Languages, Pune. Most of the students in these courses are working professionals. Some of them have been sponsored by their respective companies. Course designs are basically for business and basic communication purposes.

## Corporate Training

We have conducted corporate training for Chinese language, business manners & etiquettes for **Larsen & Toubro (HED & EBG), Foseco India Limited, Tata Motors, Tata Management Training Centre (TMTC) and Suzlon Energy Ltd.** We have developed special training modules which can add-on technical vocabularies related to industry of the client. We have also conducted special Chinese language classes for individual students who are professionals working with companies such as **Geometrics Softwares, Tata Infotech, Thermax**, etc.

We have also been conducted Chinese language courses as part of curriculum for post graduate management students of **Indian Institute of Management, Shillong** for two years 2017 and 2018.
