*I have worked in the Japanese finance industry for more than 30 years and currently specialize in Japanese to English translations of finance and corporate governance documents. I have worked on translations in a wide range of industries including energy & electricity, infrastructure, resources, insurance, agriculture, automotive, telecommunications & media, pharmaceutical, and education. I also have extensive experience in corporate governance and legal documentation, including contracts, legislation, board papers, corporate governance reports, etc. In addition to direct contracts with companies in the Mitsubishi UFJ Financial Group and the Mizuho Financial Group, I work through a number of agencies on a freelance basis. I am based in Australia and generally provide fast turnaround, which is accepted practice in finance related work.*
