Social skills and competences

- Great teaching skills and personal relations skills.
- Sociable, happy, optimistic, bind friendships easily
- Calm, resistant to stress and effort, can manage and surpass crisis situations still smiling, often coping to induce trust and confidence to those around me.
- Teamwork stimulates me and gives me satisfaction
- By coordinating an European project with 12 other partners from 11 foreign countries, each coming from different backgrounds, histories and cultures, I managed to prove these qualities over all project duration, but especially at the three international meetings which I have presided.
- Living in France for 6 weeks and traveling to Austria, Belgium, Bulgaria, England, , Finland, France, Germany, Greece, Hungary, Moldavia, Russia, Spain, Switzerland, allowed me to understand and to practice good communication with extremely different people.
- I have been involved in many research projects. The biggest project I ever coordinated together with a colleague of mine is a Leonardo da Vinci Reference Materials Project, with 13 partners from 12 countries, a duration of 24 months, 3 international meetings of the partnership and a total value of EUR 608000.
- I have been organising field trips with groups of 50 students each year for 6 years with durations of 7 to 21 days, to the mountains, and summer training camps of 7 days at the seaside for practical geographical training purposes.

Organisational skills and competences

Technical skills and competences

Computer skills and competences

- Strong technical skills with all kinds of electronic, electric or mechanical equipment, quick understanding of functioning of devices, repair skills (I still give technical support for office equipment, such as computers, copiers, copy-printers, phones etc.)
- High proficiency in using software (advanced knowledge of geographical information systems -GIS- word processing, database management systems, spreadsheets, graphic design, both vector and raster -Corel Draw, Adobe Photoshop- etc.)
- advanced knowledge of Internet (acquainted since 1993 and extensively using it)
- strong understanding of computers hardware and computer networks (I designed and realized the computer network in the Geography Department, including cabling and crimping in UTP and coax cables)
- Outstanding typing skills (blind method, 350 cpm/ 70 wpm)

Artistic skills and competences

- I enjoy singing in choir.
- During the high school, I've been singing in the school choir which received the first prize in the national festival.
 - Since 1992 until now, I helped organizing a christmas carols choir (and been singing in it) at our Faculty, composed of both students and teachers, singing christmas songs in 9 languages.

Other skills and competences

Since I was a kid, I've always wanted to know and learn as much as possible. This is why I started learning about every possible thing ever since, hence at the age of 5 I learned to play chess, at the age of 6 I learned to drive the go-kart, at the age of 7 I started learning English, at the age of 8 I learned to do target shooting, at the age of 12 I went to the Children's Club to learn electronics and I represented the Iasi County at some national contests, at the age of 13 I learned to play Go, at the age of 14 I learned how to fly a glider, and I did this until 1991, in 1986 I started to learn Shotokan Karate and I reached blue-belt in 1992, in 1993 I learned some Kendo but after a year I stopped after Mr. Tsushima went back to Japan.
