Languages:

We currently offer services to and from several European languages.

We are hoping to add many more languages in the future.

Let us know if you need a language that we don't yet offer.

Company's presentation:

JustRightSubs is a closed captioning and subtitle translation company – we enable businesses to optimise their international audience reach, increase revenue and maximise the accessibility of their video content.

Driven by quality and accessibility, we are passionate about achieving your business goals through beautifully presented and accurately translated subtitles.

We are a multilingual subtitling company that partners with businesses creating entertainment and video content. Founded by experienced subtitler and translator Cécile Pasquet, we handle the subtitling and closed captioning for a wide range of international businesses and video content creators.

We help global organisations, translation agencies and businesses generating YouTube content to achieve their goals by improving accessibility, increasing views and making their video content available to a wider international audience.

JustRightSubs delivers quality services through a network of trained and experienced subtitlers.

JustRightSubs will help you improve the reach of your movies, documentaries, series, corporate videos, product and service presentations, training courses and e-learning materials through expert multilingual subtitles and subtitling for the Deaf and Hard of Hearing (SDH).
