

About **SpanishTech**

SpanishTech Co. specializes in the development, integration and distribution of electronic bilingual (English & Spanish) content, including the design of websites, MS-PowerPoint, Adobe persuasion, FLASH, Captivate, Breeze, PDF, XML, HTML, and other technologies that allows us to provide you with a variety of unique solutions for your special needs.

SpanishTech Co. is a company with a long trajectory in the American and web technologies market; therefore, we have the tools and mechanisms that allow us to ensure the quality of our services and to offer state of the art solutions aimed to enhance your image, increase productivity, market share, and competitiveness.

SpanishTech Co. understands the importance of having a one to one relationship with you; each project is an individual customized solution. We want to first understand your product and services, your needs, your clients, your time line, your project, your budget and then we would adjust accordingly to assure your complete satisfaction.

SpanishTech Co. not only provides high quality translation for your content, we also make sure is culturally attuned to your audience, we guarantee our work for the life of the document, and we can integrate that content to any delivery technology you use. There is no need to retool in order to work with **SpanishTech Co.**

Sincerely yours,

Arturo Pinzon
Founder **SpanishTech Co.**
