

# THAO PHAM

VIETNAMESE TRANSLATOR

## PROFILE

Being an Vietnamese-English translator for over 10 years, I have got much experience in translation field with many diversified topics.

I used to work for many big projects such as user manual and service manual for Yamaha motorcycle, Suzuki, Toshiba as well as medical translation for big corporation such as Baxter and many more projects.

I am very good at using SDL Trados Software 2017 and I have used it for around ten years. Besides, I can also use photoshop, AI, Framemaker and Indesign and Office computer for the purpose of translation and DTP in some cases.

I always love to learn new things and try my best to improve all my skills because I deal with translation job as my desire.
