### **Experience as a Translator:**

Completed a business management career that spans almost three decades. While performing management duties I also translated documents from a variety of technical fields from German into English. These included financial, legal, medical, pharmaceutical, medical instrumentation, optical instrumentation, marketing, market research, metallurgical, computer hardware and software in addition to general business subjects.

Translation work was performed for multi-national corporations, exporters, finance companies and variety of government agencies. I am currently self employed in the language field and am available for work on a free lance basis.

### **Relevant education / information**

1. BA - Queens College of the City University of New York. Overseas study program at Christian Albrecht University in Kiel, Germany. Language proficiency certifications for translating and interpreting from Queens College and Christian Albrecht Universität.
2. MBA - Fordham University, New York- Marketing and Finance.
3. Over 20 years of experience in translating documentation from German to English.
4. Work with Trados translation memory programs.
5. Certified US government linguist for German/English language(s).
