## Personal letter

Dear Sir/Madam,

My name is Linn Wennergren and I am a professional translator looking forward to work with you as a translator and/or proofreader! I have a master's degree in translation studies and a total of 325 ECTS credits (5.5 years) of language studies. I have a very relevant work experience as a proofreader in Swedish for Hammarkullen Folkets Hus. I also have my own translation and proofreading business Fount Translations (VAT: SE850309486701).

My ambition in life is to work with languages because this is what interests me the most. My passion for language might be the complex structure of it, and how to solve and figure out this structure. A language editor and translator have to enter into the depths of the text and see each potential problem in grammar, vocabulary and style. I am extremely thorough, yet efficient, in my way of working and I think this is a perfect combination for a proofreader and translator.
