

## PROFILE

An eager language learner myself, I understand the need for translations, and it is my passion to help companies and clients with their different linguistic needs. As a native Hungarian speaker, I like putting my knowledge of the English language and my mother tongue to good use, and I find it fulfilling to see the final product.

## SKILLS

---

- ❖ Client-oriented approach
  - ❖ Flexibility: due to my experience when working with many different people I possess a great amount of adaptability
  - ❖ Teamwork: when working with other translators and organizers, I learnt to blend in and value others' opinions while making my own voice heard in a multicultural environment.
  - ❖ Using CAT tools, Trados
  - ❖ Open to new ideas and learning new methods
-
