EDUCATION

Science and Technology in Society MSc.

Sep 2016 — Oct 2017

University of Edinburgh

Subjects

Consumption, Exchange, Technology: The Anthropology of Economic Processes/Innovation Systems Theory and Practice/Internet, Society and Economy/Introduction to Risk, Regulation and Governance/Research Design/Science, Knowledge and Expertise/Understanding Technology

Grade point average
B(61)

English MBA (International)

June 2013 — Oct 2015

National Institute of Development Administration

Subjects

Financial accounting/Managerial accounting/Human resource management/Marketing management/Operation management/ Financial management/Corporate policy/Market research/brand management/financial risk management/Financial derivatives/ Quantitative analysis/Managerial economics/Management information system/Legal issue in management/Contemporary management/Investment analysis/Marketing communication/Independent study

Grade point average
3.77

Nano Engineering (International)

May 2008 — June 2012

Chulalongkorn University

Subjects

Calculus/Engineering Material/Physics+Lab/Chemistry+Lab/Biology+Lab/Static&Mechanic/Electrical circuit/Electrical device/Organic chemistry/Molecular chemistry/Engineering drawing/Dynamic&Vibration/Biochemistry/Electronics Lab/Physical Science/Nano-polymer/Measurement&Instrument/Reaction Engineering/Control Engineering/Fluid mechanic/Transport phenomena/Bio-nanotechnology/IT communication/Research methodology/Engineering economics/Engineering management/Nano Engineering project/Nano seminar/Mems+Nems/Engineering English/Thermodynamics/Bio-system/Optoelectronics/Exercise for health/Our environment/Intro to Recreation/Architect in Films/Entrepreneurship/Material characterization

Grade point average
2.76

Grade School

May 2002 — Mar 2008

Bodindecha (Sing Singhaseni) 2

Subjects

Physics/Biology/Chemistry/Mathematics/English/Thai/Social Science/Art/Physical Education/Handicraft

Grade point average
3.86

WORK EXPERIENCE

Asiasoft Co.Ltd.

June 2012 — July 2013

Game Planning Officer

Responsibilities

Oversees the service on company's products.

Planning business model of online games revenue.

Mar 2011 — July 2011

Assistant Maintenance Engineer

Responsibilities

Inspect and support the production process in Zinc Oxide manufacturing plant.
Research additional ways to reduce pollution and the waste of material and energy.
Research and Development on nano-particle sized Zinc Oxide as a new product for the company.

Achievements

Clean Technology project, including several proposals on process modification to reduce the waste.
Third generation report of nano-particle sized Zinc Oxide development process.

INTERESTS

Academic

Talent Management/Financial Engineering/Financing innovation/Startup Ecosystem/Nano Composite/Enterprise Planning/Urban planning/Sustainable Infrastructure/Education and Health Policy/Digital Anthropology/Social Shaping of Technology/Digital Games/Virtual Reality/Digital Culture/Public Space Design/Physical vs Digital product/Digital Divide/Smart City

Sports

Badminton/Tennis/Table-tennis/Football/Basketball/Swimming/Running/Golf/Boxing/Bicycling/Judo/Hiking

Music

Singing/Keyboard/Percussion/Guitar/Khlui/Ching/Unggalung

Reading

History/Adventure/Computers/Suspense/Entertainment/Comics/News/Health/Travel/Philosophy/Sports/Literature/Psych

Other Hobbies

Video games/Software/Tinkering/Board games/Cooking/Drawing/Internet/Writing/Fitness/Language/Exploring

QUALIFICATIONS

Academic Works

Internship program - Application of clean technology in real factory setting.
Internship program - Research and development on Zinc Oxide nano particles.
Engineering project - Synthesis of micro-spheres scaffold to be used in stem cell growth environment.
Independent study - Business Audit: Asiasoft Corporation.
Teacher assistance - Financial major class, master degree in business administration.
Dissertation - Social implication of tabletop games popularity in digital age: The comparative study between tabletop games community and digital games community

Extracurricular Activities

The flag bearer of Bodindecha 2 school.
Chulalongkorn engineering orientation camp's support staff.
Young investor program at Stock Exchange Thailand.
