To learn techniques and methods of sales and marketing for my profession.

Certificates

Transcription

Jan 2021

For completion of 200 hours of transcription in a month with a quality.

Profile

I have been providing translation services since 2013. I have specialized in finance, legal and technical (oil and gas, construction, electrical) fields. During my career, I have worked with translation agencies and direct clients. I graduated from the translation faculty (English-Azerbaijani languages) at Baku Slavic University in Azerbaijan. I have my own vocabulary base for various fields. I am also experienced in transcription work, and I have a group of 20-30 transcribers who are trained and experienced, delivering fast work. In December 2020 we handed over a transcription project of 200 hours from Azerbaijani into Azerbaijani for HnD Translations LLC. I am also experienced in handwriting. I delivered the T9 Azerbaijani handwriting project with 44 people for Seminal Research in June 2022. I would be very happy to do a test to assess my application. In case of any questions, please don't hesitate to contact me. Thanks in advance.

Sincerely,

Samid Vahidov
