CORPORATE SUMMARY

The idea of **Translation Light (ISO 9001-2015 certified)** took shape in 2010-11 and was founded as a company in 2012. In a span of 8 years, it has become a leading localization firm of India, catering to small, medium and large enterprises and government agencies in India and across the world. Translation Light has a unique and enviable distinction of having been conceptualized and run by technocrats and professionals from premier academic Institutes of India: IIT Delhi, TAPMI and SRCC (Delhi University). Till date, we have served organizations spanning more than 15 countries, and have provided services in more than 300 language pairs, using subject matter skills of more than 4000 native experts .

While pursuing her research at IIT Delhi, Dr. Mona Gupta felt that in this realm of rapid globalization, there was a need for a service-minded enterprise in the domain of language translation, that could deliver projects from diverse fields quickly and accurately. In 2012, Mona and Shruti founded Translation Light to fill that gap. With a team of highly qualified native translators from over 100 countries they endeavor to provide the best quality language services to leading businesses worldwide.
