Education

- Berlitz School of Languages, Interpreter/Translator Diploma (English / Spanish) 1979
- Universidad Católica Andrés Bello, School of Biology, 1974-1977
- Several courses on computers, 2.0 communications and a Community Management Diploma.
- Several online courses from Coursera on the Internet and Teaching in a 2.0 environment.

I love my job! It is exciting and challenging since I must keep up to date with the latest developments in different fields. I love teaching. Computers are my passion and the software available, such as CAT tools have helped me do a better job, both in interpretation and translation.
