EXPERIENCE

2007 - Present
Freelance

TRANSLATOR

I am a versatile translator familiarized with several varieties of the Spanish language. In over ten years of experience as a translator, most of my work has been used for immigration purposes. Thus, I am experienced in legal, academic and medical documents, but I also have experience in other areas, such as literature, photography and general culture. I also have experience in transcription and subtitling and, especially, in image manipulation. I can create near carbon copies of PDF originals and I can manipulate image files, with or without editable files. My experience, knowledge and work ethics make me an ideal choice for any organization.
