Phone : +62 812 7175 1345

A civil engineer by trade, I am an English-Indonesian translator and proofreader specialized in science and engineering topics. In addition, my personal interests make me skilled in understanding internet popular culture, video games, information technology, and gadgetry. Aided by my native proficiency in Indonesian, I commit to produce excellent translations that feel natural and allow Indonesian readers to have same comprehension as English readers.
