## Work experience

---

oDesk

Jan 2014 — July 2014

Freelancer

Worked mainly as a Freelance Translator and Transcriber. Translating jobs done in the languages: English-to-Portuguese(BR)

Transcribing jobs done in the languages: English(USA), English(GB), Portuguese(BR)

University of Toronto

April 2014 — August 2014

Summer Research Student in Exchange Program

Worked in a Sensory Communications Lab. Supervised by Prof. Dr. Willy Wong, I did research and provided assistance to fellow Graduate students. Main research topics were: Auditory Gap Detection, and Speech Kinematics. There were also many discussions on general scientific topics, mainly physics, computer science and human behavior. I learned a lot of programming using MatLab and also gained a lot of teamwork experience.

## Education

---

Chemical Engineering

Feb 2012 — Present

Regional University of Blumenau

Ongoing education.

Did my first three terms in Chemical Engineering (B.A.S.c).

Average grade: 90,1%

1-year Scholarship Exchange Program

Sept 2013 — Aug 2014

University of Toronto

1-year Exchange Program with a full Government Scholarship.

Studied 2 terms in the University of Toronto, in Toronto, Canada, where I took on several courses in Applied Science and Engineering, and afterwards I did a Summer Research Program in a Sensory Communications Lab, in the Department of Biomedical Engineering

## Interests

---

Science, Engineering, Physics, Mathematics, Languages, General Sciences and knowledge
