Project Way of Life selected participants to ISA

Inova Startup Accelerator

May 2015

WoL AB, Project Way of Life selected by Stiftelsen Inova to participate in Startup Accelerator Inova Startup Accelerator, ISA, is a program of 100 days for driven entrepreneurs with a strong business model and that is in the startup phase. Inova will help entrepreneurs with innovative business ideas faster access to the market. During the program are working intensively on its mission to make it more ready for the market,

or to be considered for admission to the incubator. The entrepreneurs receive training in employment of people with relevant skills and experience in each area, and receive coaching along the way. They get a job at Innovation Park and work in teams together with the other participants in the program. The ISA also offered opportunities to enhance its network and pitch to an audience.
