Alba Shopping Sh.p.k

PERSONAL SKILLS

Job-related skills

I got into the translation business nearly three years ago translating mainly English - Albanian pairs and in some rare occasions I also translated Turkish - Albanian pairs.

My expertise is legal translation since I also hold a degree in Law but I also cover letters / documents, medical, IT, manuals etc.

I have worked for clients from China, United States, UK, Australia, Albania etc. and I believe I have had some good experience with them and also believe that I delivered quality work.
