Profile

I'm a professional, certified translator with an MA in German and a BA in English from Copenhagen Business School. Since 2018, I'm the owner of the translation firm Translatørfirmaet Stenrøs. Through my long-term employment in the financial sector and subsequent employments with two translation agencies, in which – among other things – I worked intensively with a large Danish-German infrastructure project, I've gained extensive experience in translating from German and English into Danish within many different fields. I have a strong focus on delivering high-quality work.
