### **Features of our translation works**

- Ability to deliver top quality work. Global Gate Translations delivers top quality and consistent work always.
- Timely deliver. We do deliver all translation tasks on time without compromising quality. Always let us know your deadline and we shall do our best to meet or beat it.
- Competitive pricing. Our pricing is competitive in the industry. We charge moderate prices while ensuring that quality standards are fully met. In addition, we offer discounts to long term clients and on large volume projects.
- Customized service. We understand that clients have varied requirements. With this in mind, we do deliver translation services tailored to each client's specific requirements.
- Confidentiality. At Global Gate Translations, we do treat every project as confidential. Every document we translate is handled with utmost confidentiality. Up on request, we do sign a nondisclosure agreement with our clients before starting work.
- Working process. Our translations are done by expert native translators with experience in the industry field of your project. The translation then passes through the quality assurance team where another native expert linguist will proofread and make necessary edits to polish the translation before delivery to the client.

- Qualified native linguists. We strictly use native professionals experienced in providing translations in their respective fields of specializations. For example, the legal documents are done by professionals within the legal sector and the medical documents are translated by medical professionals themselves and likewise to other industry fields.

This is to efficiently manage specific industry terminology.
