### Education and training

High school diploma in electronic technician and telecommunications achieved in 2010 at the institute Cartesio-Parco nord, Milan province.

I attended for about a year the faculty of "Digital communication" at the university of Milan, now interrupted.

During the period from september 9 2013 to october 4 of the same year, i attended a graphic course organized by Adecco, where i learned to make photo retouching, make some packaging and lay out a project, using Adobe Photoshop and Illustrator.

During the period from march 20 and 19 of april 2013, i attended a course of editing operator for cinema and tv organized by Adecco, where I learned editing techniques using the software: Avid Media composer and After Effects.

In the period between the 10<sup>th</sup> of February 2015 and 29 of april of the same year, I participated in a cooking workshop, organized by Adecco. I have learned the basics of kitchen and how to behave with a kitchen brigade.

During the period that goes from the 27 of February 2017 and the 24 of October 2017, I attended a multimedial technician of audio and video course, where I learned how to create a multimedial product, starting from the script, passing through the shooting process and then the post production editing with dedicated softwares.

## Who am i?

I am a nice and witty person, sensitive but also determined, with good skills of problem solving. I like being with people and i can communicate well with them, even with someone that i don't know.

I love music and i enjoy play some instruments. I also like sports like football basket and running.

I'm also a lover of videogames and computer.

I'm really attracted to the film industry, especially 3d animation, and I'm learning by myself programs for animation and graphics.

I like science and electronics, and i like also study foreign languages.

Currently unoccupied and looking for a job also not relevant with the studies done.
