

## Bohdan Manzhula

Hi there! I have several years of linguistic experience as a translator/manager in the fields of Information technology, Marketing/Advertising, Business/Commerce, Oil&Gas, and others. I specialize in EN-UA, EN-RU, and EN-PL language pairs. Here are the details:

- 3 years in IT sales working with English-speaking clients as a lead generation manager
- 35,000-word Oil&Gas translation project (PL-UA)
- Internship at a top translation agency doing software and cloud services localizations (EN-RU, EN-UA)
- 7 years administering/supporting databases, providing general computer services
- Occasional simultaneous interpretation (EN-UA, PL-UA)

I graduated from Lviv Polytechnic National University with a master's degree in Digital Publishing. I'm a native Ukrainian speaker, fluent in Russian (as a regional language), and fluent in Polish (communicating with native speakers).

The CAT tools I worked with were Trados, Mamsource, Memoq, etc. My rates for the translation: \$0.05–0.09/wd
