

ARKAN AZIZ

FREELANCE TRANSLATOR

PROFILE

I am experienced in translating more than 25 translation projects since February 2018. Most of my clients are college students who are doing their thesis. I love to read books and articles, either in English or Bahasa Indonesia (my mother tongue), so that I have more knowledge about good grammar in a sentence. My motto: finish what you have started.

FIELDS OF EXPERTISE

- Fishery and Marine
- Agronomy
- Soil Science
- Nursing and Health
- Social Economy of Agriculture
