experience in the sector.

EXPERIENCE

TRANSLATOR - INSTITUTO INTERUNIVERSITARIO ANDALUZ DE CRIMINOLOGÍA/ANDALUSIAN INTERUNIVERSITY INSTITUTE OF CRIMINOLOGY

03/2018 - 06/2018

I completed a 4-month translation internship in the Institute where I was responsible for translating various texts (research articles for their future publication in English, websites, CVs), as well as revising and editing previously translated texts. This allowed me to gain valuable experience in the translation world as well as gaining more specific experience in legal translation. In this role I also carried out translations from French into Spanish.

AU PAIR - VALENCIA

07/2016 - 09/2016

In summer 2016 I worked as an Au Pair in Valencia. I was responsible for looking after two children (aged 6 and 7) while teaching them English. This period gave me the chance to continue developing my Spanish skills.

ENGLISH LANGUAGE ASSISTANT – JUNTA DE ANDALUCÍA

09/2015 – 06/2016

As part of my degree I had to spend a year abroad. In my case, I chose to be a language assistant through the British Council's programme. I was responsible for preparing and giving classes to small groups of children from 5 to 12 years old. This role made me assume more responsibility and develop my organizational skills.

Moreover, it allowed me to enhance and perfect my Spanish.

PRIVATE ENGLISH TUTOR

09/2015 – 06/2016

While living in Malaga I worked as an English tutor. I gave English classes to children of a variety of ages and used activities and games to encourage them to learn in a fun environment.

LANGUAGES

English – native
Spanish – bilingual
