

A passionate linguist fluent in several languages with an array of highly developed skills, I enable engagement with diverse communities across the world. Now patient-facing as an MSc Nursing postgrad working on the frontline as a Clinical Support Worker, I advocate for the education, health & wellbeing of society.

Adept at merging culture with technology, I use predictive mathematics with first-hand multicultural data to architect innovative solutions for businesses that have direct social impacts. Whether it's performing CPR during a crash call or presenting to stakeholders on major structural decisions, I work well under pressure, taking initiative to apply constant learning with spirit, integrity and diligence.

Experience

2 Jan 2014 – Present | Healthcare Analyst | [Gavialis](#)

- Provide language & business solutions to the global healthcare sector through translation, interpreting, research, industry reporting, investor relations, statistical analysis, technological implementation & training.
- Identify areas for SMEs, multinationals & charities to mitigate risks, innovate operational practices & find opportunities for improvement.
- Gather requirements for & manage projects ranging from large infrastructure investments to coding complex web applications

21 Sep 2021 – Present | Healthcare Support Worker | [Barts NHS Trust](#)

- Ensure caring & compassionate service delivery through clinical competence, collaboration, confidence & courage.
- Care for a maximum of 14 critical care surgical & A&E patients, assist with procedures, record physiological changes, provide psychological & physical support, interpret for consultants, liaise with multidisciplinary teams, & aid in the care training of students & new colleagues.
- Observe patients, build bonds, learn principles of anatomy & physiology to efficiently report on homeostatic changes through the SBAR & NEWS2 tools.

3 Apr 2015 – 5 Dec 2019 | Company Secretary, Translator | All Translations

- All Translations is a subsidiary linguistic consultancy of a European-UK legal partnership that provides judicial services for cases taken to the High Court, for which I oversaw administration & assumed operational capacity as a lead translator.
- This opportunity allowed me extensive insight into understanding legal syntax & semantics across borders & linguistic-cultural barriers, making it easier to navigate international & regional laws.

18 Nov 2015 – 7 Jun 2017 | EMEA Manager | [HBI](#)

- Design & execute marketing campaigns for healthcare [conferences](#) for delegates in EMEA
- Investigate healthcare M&A, analyse business models, acquire strategies, mandates & statistics from the markets through journalism & multilingual communication.
- Earned over £100,000 in new & recurring long-term clients in 2016/2017, consisting of CEOs, CFOs & Directors of hospitals, diagnostics, MedTech, pharma, banks, insurers, governments, private equity & advisory.
- From 2013-2017, the company grew from a three-person team to a solid SME earning over a million within a few years, with the core subscriber base growing from 60 to over 120, & delegates to events rising from 190 to over 700.

15 May 2013 – 30 Jun 2014 | Journalist / Practice Manager | [Healthcare Europa](#)

- Trained in investigative journalism, performing financial analyses & writing articles on European medical procurement. Managed recruitment, training of journalists, sponsorship deals & events.
- Built a database of 600 CPOs to drive a [procurement conference](#) & made first profits of £30k with turnout of + 80 delegates within six months Brought in +£92k on the 2014 [annual conference & subscriptions](#) increasing overall revenue by 47% & won a further £20k sponsorship, valued at +£60k as of 2018 & indeed growing till this day.

29 Oct 2012 – 31 Jan 2013 | International Coordinator | [Market Force](#)

- Managed market research projects by calling & collating live data from mystery shoppers & paid auditors in Italy.
- Aided the French, Spanish & UK markets where I maintained above 90% completion on all audits. Translated client facing documents & communication, which sparked my interest in liaising directly with industry.
