Freelance Translator

Global procurement professional for more than 15 years in all sort of industries such as pharmaceutical and chemical, which enables me to offer a great expertise, high quality and fully committed translation services.

Additionally, my good level of study contributes to a high-level job.

I am a generalist translator. I have been translating (also QA work) many kinds of content such as Finance, Legal, IT, Digital Marketing, Travel, Technical Manuals, Casino Games, Questionnaires, Reports and Random Segments.

Working with agencies and final clients around the world since 2016.

Role in Companies

Consistent experience in international Procurement and Supplies, in segments such as pharmaceutical, chemical, packaging, among others;

Management of procurement department, leading negotiations, agreements, contracts and development of new global suppliers and materials, handling raw material, indirect material and services;

Import/export skills, solid knowledge on import taxation as well as internal taxation, global logistics; Strategic Sourcing;

Implementation of quality programs in purchasing area such as ISO9000 and others; Implementation of ERP importation module; Development of all chemical product packages in compliance to dangerous goods law and also dangerous goods distribution logistic.
