## ADDITIONAL INFORMATION

## About Me

My name is Dominic. I was graduate from Queen's University Belfast with upper Msc degree in Management. I started my localization career since 2009. I have more than 10 years localization and translation experience. I worked as an in-house linguist for VancelInfo (Pactera now), and I had project management experience in Lionbridge China. I became a freelancer linguist since 2015. I am experienced in not only IT but also marketing, legal, life science and other fields. Assignments never bore me. My enthusiasm in languages makes me happy.
