PROFESSIONAL EXPERIENCE

Copywriting, content writing, and translation

Among other things I work as a freelance medical copywriter and translator for Dear Friends ad agency. Additionally, I work with translation and revision tasks for agencies such as Novoterm, Space-360, and AAR Translator. Previously, I have been involved in the translation and revision of ICD-11, the International Classification of Diseases from the WHO.

- **Widell Copy & Translation, 2020–**

Copywriting, content writing, proofreading, and education

Over the course of 20 years, I delivered lectures and engaged in copywriting, content writing, proofreading, fact-checking, and the development of educational materials, including online courses, for the following companies:

- **Holistic Sweden AB, 2011–2020**
- **Alpha Plus AB, 2004–2011**
- **Wasa Medicals AB, 2000–2004**

Department of clinical immunology, Sahlgrenska 1999–2001

As a scholar at the Department of Clinical Immunology, Sahlgrenska Hospital in Gothenburg, I conducted research on the relationship between intestinal microflora and the development of allergies.

EDUCATION

Degree of Bachelor of Science in Bioscience 1996–2000

Including studies in medicine, microbiology, molecular biology, and chemistry. University of Gothenburg.
