➤ *Qualifications*

- **BSc** in Chemical Engineering, Al-Baath University, Homs, Syria (1996).
- **MBA** in Industrial Management, Sheffield Hallam University, Sheffield, UK (2002).
- **PhD** in Industrial Management, Sheffield Hallam University, Sheffield, UK (2008).

➤ *Work & Experience*

• **Currently:**

- I am working as a university lecturer at the Faculty of Chemical and Petroleum Engineering, Al-Baath University, Homs, Syria. This full-time job started in February 2011. The job involves teaching fifth-year students Economics & Industrial Management.
- I am also teaching three modules (Medical Terminology-2 and Medical Engineering Terminology-1 & 2) to undergraduate students at the Faculty of Medical Engineering – Al Andalus University for Medical Sciences. This part-time job started in October 2015.
- I am a member (out of 3) of the committee responsible for running the Quality Assurance Center at Al Andalus University.
- I work as an English/Arabic freelance translator.

• **Previously:**

- I was a member of the committee responsible for preparing the technical specifications and requirements of the proposed Proton Radiotherapy Centre to be established at Al Andalus University for Medical Sciences. Work started in January 2014 and ended in April 2015.
- I prepared and presented a training course titled “Feasibility Study for Small- and Medium-sized Projects” at P.A.I - Bureau de l`AUF, Al-Baath University in March 2015.

- I prepared and presented a training course titled “Management of Small Projects” at Al-Batoul for Humanitarian Service, Tartous in September 2014.
- I taught the module titled “International Organization for Standardization” at Arab University for Science and Technology for one semester in 2011.
- Lecturer assistant at the Faculty of Chemical and Petroleum Engineering, Homs, Syria (1998 – 2000). This was a full-time job, which lasted for two years. It involved teaching undergraduate students.

➤ **Languages:**

- Arabic (Native) and English (Fluent).

➤ **Related Skills**

- Simulation programming: I have successfully completed an “eM-Plant Basic Training Course” in October 2002.
- Computer and IT skills: very good knowledge of Windows 7/10 and Microsoft Office (Word, Excel, and Power Point). Holder of the International Computer Driving Licence. Good knowledge in C++ and Visual Basic Programming Languages.
- Very Good knowledge of the Internet and e-mail services and other related skills.

➤ **Interests**

- Outdoor activities, DIY, gardening and camping.

➤ **Additional Information**

- Membership of Engineers Syndicate and Teachers Syndicate in Syria.
- Non-smoker.
