Dear Mr/Ms.

I'm excited to be applying for the Translator position at your project. As a qualified Translator with three years of Translation, technical, analytical, and copywriting experience, I enjoy working on a variety of projects. Pushing myself as a Translator has always been important to me, and I know that at any projects, I'll have the opportunity to grow and expand my skills while creating quality content for your team.

During my time at projects, I majored in English with an emphasis in Business Writing. This enabled me to focus on developing my technical writing skills. In fact, I was able to present my thesis not only at Delhi university but at a local conference as well. This assisted me not only in developing my translating abilities but in helping me hone my public speaking skills.

My previous position at Moncrieff provided me with an incredible opportunity. I was able to revamp our company's internal memo system to reflect updated verbiage and wording. Additionally, I participated in creating social media and digital platform content for the organization.

Thank you for your time and consideration. As someone who is detail-oriented, driven, and dedicated to creating fantastic work, I'm looking forward to learning more about the Translator position at proz. Quality content creation is one of the most important things to me, and I know that as a Translator on your team, I will have the opportunity to create interesting and memorable projects our clients will love.

Sincerely,

Anil Dhawale
