Highly skilled and experienced, I have more than 4 years of expertise in technical and financial document and book translation, with a proficiency level in Arabic, Persian and English to that of a native, also a track record in entertainment translation holding 1 year of experience in movie and audio book translation and revision/proofreading.

My adeptness flourishes itself in accurately assessing the context of material and returning it in a comprehensible way, I am likewise proficient in the following computer-assisted translation software SDL Trados Studios.

I graduated with an associate's degree in music performance and still active on the course of my studies.
