CAREER GOALS

I intend on taking my translation and teaching career to a full professional level by the end of 2021. I hope to meet new clients through providing services of stellar translation, transcription, subtitling, and more with the skills I intend on picking up in the field. I wish to enhance the lifelong English skills of those who acquire my teaching services. I wish to maintain returning clients that are confident and satisfied in the services I provide. Becoming a skilled, trustworthy member of a translation team or teaching agency is my primary goal for the next decade. I wish to be among the first few considered for language services when it comes to my niches.
