- translation precision, content refinement, and chatbot strategy, accommodating different linguistic and contextual demands., proofreading tasks, and chatbot training sessions simultaneously, while maintaining quality and meeting deadlines. Technical Aptitude
- Experience in managing budgets and handling financial documents

LANGUAGES

- Dutch - Native
- English - Fluent
- Danish - Fluent

PROFESSIONAL WORK EXPERIENCE

DUTCH SPEAKER TO TRAIN AI CHATBOT MODEL

Scale AI. May 2022 – July 2023

- Utilize my background in language pedagogy to design and curate Dutch training datasets that encompass a wide range of conversational scenarios and linguistic variations.
- Apply natural language processing (NLP) techniques to preprocess and clean training data, optimizing the AI chatbot's understanding of user inputs in Spanish.
- Develop dialogue flows and linguistic models that allow the chatbot to engage in meaningful and contextually relevant interactions with Dutch-speaking users.

LINGUIST AND CHATBOT TRAINER

Ginger/Papaya AI Evaluation and Content Rewriting

- Curated diverse Dutch-language datasets encompassing colloquialisms, formal language, industry-specific terms, and cultural references to ensure comprehensive training coverage.
- Employed my expertise in Dutch linguistics and cultural nuances to preprocess and clean the training data, enhancing the chatbot's language understanding and contextual awareness.
- Utilized state-of-the-art natural language processing techniques to fine-tune the chatbot's language models, optimizing its ability to generate accurate and contextually relevant responses.

EXPERTISE

- **Translator:** Bilingual proficiency with strong cultural sensitivity for accurate and contextually appropriate translations. Specialized vocabulary in various domains and research skills ensure precise and well-informed translation.
- **Proofreader:** Attention to detail and language proficiency lead to error-free content. Expertise in maintaining consistency, formatting, and quality control while communicating effectively with writers.
- **Chatbot Trainer:** Combines language proficiency with AI understanding to design engaging conversational experiences. Skillful in dialogue design and data analysis to enhance chatbot interactions and user satisfaction.
