Professional: Remote Pair-Programming, Teamwork, Mentoring, Cross-cultural Communication.
Language: Fluent in Igbo and English.

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS
Remote
Full Stack Web Development Student & Mentor
August 2022 – Present

Mastering intermediate and advanced topics in full-stack development, including responsive web design, process optimization, front-end frameworks, and data structure & algorithm challenges, I have built more than 30 web applications independently and through pair programming. Additionally, I have collaborated with over 100 remote developers via GitHub, reviewed 80 pull requests, and implemented Agile management techniques, such as Kanban, to enhance productivity.

MICROVERSE
Remote
Mentor (Volunteer)
November 2022 – Present
- Mentored junior web developers, and provided technical support to more than 10 people per week through code reviews via Zoom and Slack.
- Suggested enhancements to the structural arrangement of code to enhance quality and performance.
- Provided advice and tips on how to maintain motivation to maintain longevity in the program to the 90% of the junior web developers that completed various important exercises successfully.

APPEN/TELUS
Remote, Nigeria
Search Engine Evaluator/ Language Translator
July 2021- Feb 2023
- Completed various hit-apps projects as a search engine evaluator by evaluating business listings and products for accuracy.
- Translated diverse content (search engine results) from Igbo to English for Appen and Telus as a remote contract translator.

EDUCATION

MICROVERSE
August 2022 – April 2023
Remote Full Stack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

ENUGU STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY
Bachelor of Science Urban and Regional Planning   October, 2011 – September, 2016

- Completed numerous projects and coursework in a computer programming language, project planning and evaluation, statistical sources and methods, mathematics, elements of planning, etc.
- Second Class Honors (Upper Division).
