👤 PROFILE

As a seasoned Arabic translator with a specialized focus on video game and ads localization, I have successfully adapted numerous large-scale mobile games for the Arabic-speaking market. My expertise includes translating content to resonate culturally with Arabic players while ensuring it aligns seamlessly with societal norms.

📁 PROFESSIONAL EXPERIENCE

Nindo Peak

Freelance Arabic Game Localization Specialist

09/2023 - present

Hong Kong, China

I have a proven track record, having translated popular mobile games such as "Temple of Shadows," "Pride of Nindo," "Advent of Tailed," and "Pixel Overlord," boasting over a million downloads.
