## Translation & Language Solutions

***Your language is our language!***

**CTL** is an innovative provider of multilingual language solutions in Vietnam and Southeast Asia, specializing in 39 languages and specialist fields.

We provide translation and localization services that meet our clients' needs in global communication efforts – on time, within budget, and with high quality. We effectively bridge your communications across linguistic and cultural barriers, regardless of the medium, with our expert in-country linguistic resources, professional project management, and state-of-the-art technology.

**CTL** is committed to total client satisfaction, with translation and localization services meeting internationally recognized standards, aided by a rigorous linguist selection process and a customer-focused management methodology.

Our full-service solutions will reduce the number of vendors you have to deal with, and our linguistic, cultural and industry expertise, our experience, and our sophisticated technology allow us to provide you with accurate, cost-effective and always-on-time language solutions in a convenient one-stop shop environment.
