# Steve Edwards

---

Date of Birth: 07.07.57

Status: Married

Nationality: Australian/British

Korean Resident (F2)

Qualifications:

Certified Teacher and Trainer. DEMM, Grad. Dip., CertIV.

## Functional Summary

Extensive experience of teaching, training, curriculum development and education management systems. Provided localization systems and support for non-native speakers of English in Australia, China, Korea, U.K. and Venezuela. Developed and managed education and training programs for Curtin University, Edith Cowan University, CNPC, Texaco, Philips, AGIP, Kia Motors, Tong Yang Corporation and others. Trained (and trained teachers and trainers) in Australia, Korea, China and Venezuela.

*Currently completing my final research project for my MSc with Curtin University and anticipate an award completion date of July 2007.*

## Employment

2002 - Present

Servore International.

Korea/USA/Australia

- Providing education and training oversight and services to the West Australian Department of Education, Curtin University of Technology and Edith Cowan University in Australia and various corporations in Korea.

2001 - 2002

Edith Cowan University.

Australia

- During this educational sabbatical I completed a Graduate Diploma in Education (Computing and Business) and a Cert IV in Assessment and Training while also running my own successful training company and consulting to corporations in Australia, Ireland and Korea.

- 1998 - 2001                      Trainor Ltd.                      China
- ✚ Consultant to major multinationals (Texaco, Chevron, Philips, Agip etc.) in China. As part of a multidisciplinary team I was charged with revitalizing the training program at the Chiwan Training Center in Shekou. Developed and delivered a number of unique and extremely successful programs including courses on Total Quality Management, teamwork, supervisory skills and general management. Personal achievements included winning major management training contracts in the face of tough international competition and writing and delivering customized programs to all levels of staff including senior management.
- 1995 – 1997                      Tong Yang Group                      Korea
- ✚ Commissioned to revitalize the internal training program at their fully residential training center just outside Seoul I successfully achieved all objectives. After commissioning and developing a complete range of new materials and training new staff I moved on to advising on policy and procedures as well as working with the Chairman's office on special projects.
- 1993 - 1995                      Korean Air                      UK & Ireland
- ✚ After successful completion of an initial project - to manage the complex move from Korean Air's old London premises to their new HQ in Piccadilly I was asked to go to Ireland to manage an even more demanding project in Dublin. From start to finish, I provided a "turnkey solution" and delivered a fully functioning pan-European reservation center to Korean Air. Both projects were completed in time and under budget to the highest specifications under challenging conditions.
- 1991 - 1993                      Kia Motors                      Korea
- ✚ Responsible for developing people, programs and materials, I also supported senior management in developing policy and selecting external trainers.
- 1989 - 1990                      Buckinghamshire College/Brunel      UK
- ✚ Post graduate in European Marketing and Management. This unique post graduate program is run by Buckinghamshire College (now a part of Brunel). The DEMM program seeks to develop high quality European managers offering an intense 1 year experience that includes an overseas consultancy and research project and presentations in a foreign language (in my case Spanish).
