

WE HELP GETTING YOUR MESSAGE ACROSS TO THE WORLD

Make sense of the world – can we strive for more?

Having launched Hunnect as a family business almost two decades ago, nowadays we translate more than 20 million words across 50 language pairs every year. Can we do more? Yes, we believe that by creating multilingual content we promote a better world around us. Thank you for downloading our brochure – let us know how we can help you make better sense of your world.

INTRODUCTION

We are one of the leading language service providers in Central and Eastern Europe. Thanks to the enthusiastic and coordinated work of hundreds of translators and proofreaders, language quality controllers and project managers, we contribute to the success of global economic processes by translating, editing and proofreading over 80,000 words a day.

OUR GOAL

As one of Hungary's premium and leading language service providers, our goal is to be your leading partner, in both Hungarian and Central and Eastern European languages, while continuing to adhere to our original values: delivering our clients' message to the world through friendly and professional project management.

WHAT OUR CLIENTS SAY

We have been working with Hunnect since 2016 and it has been a smooth experience. They became one of our favorite providers for all our Easter European languages, especially for MT editing. The response time to email is unbeatable, within minutes you get a confirmation and know you are in good hands.

/ Irish business partner /

"Hunnect has been our translation partner for over four years, and they are always our first choice for all Hungarian projects. We are very impressed with their friendly, prompt communication and accurate, top-quality translations. Hunnect always delivers projects on time and accurately follows any special instructions and glossary terms. We highly recommend Hunnect's services and look forward to our continuing collaboration."
